

Rules & Regulations and Thesis Evaluation Report to Provide/Award PhD Biotechnology from Biogeosciences R & D India

Amit Rastogi

Biogeosciences R & D India, An Autonomous Non Profit Non Employed Non Government Non Sharing Research & Development

Introduction

Rules & Regulations and Thesis Evaluation Report to Provide PhD Biotechnology From Biogeosciences R & D India are discussed below.

Rules & Regulations to Provide PhD Biotechnology From Biogeosciences R & D India

First Biogeosciences R & D Decides to Publish one main paper of PhD in five Journal in which two paper was with First Preceding and Second Preceding. Furthermore, First Biogeosciences R & D Launch Seventh month PhD Biotechnology Diploma in August 2023. But in September 2024 PhD Diploma was done For one year by Publishing Main Paper For one Year where Main PhD Paper with First Preceding & Second Preceding was with of Seven month and in December 2024 Biogeosciences R & D Decides to make this One Year PhD Biotechnology diploma For Three Year by Publishing PhD Biotechnology Thesis in the Month of August 2026.

Because of Copy Right Matter/Issues from Journals Main PhD Paper with First Preceding (<http://www.ijrar.org/papers/IJRAR23D2514>) & Second Preceding (<https://ijariie.com/manuscript/22293>) which was of Seven Month & Main Paper (<https://ijcrt.org/papers/IJCRT2409604.pdf>) with One Year PhD Biotechnology Diploma (Three Research Paper) with Thesis (<https://ijcrt.org/papers/IJCRT2608421.pdf>) Submission which was also Published, was considered & the decision was taken to Award PhD Biotechnology to Amit Rastogi From Biogeosciences in August 31 2026. For the very first time in world history Biogeosciences R & D India Director Executive/CEO supervised his own PhD on the basis of Previous Research Experience.

Thesis Evaluation Report to Provide PhD Biotechnology From Biogeosciences R & D India

To Award PhD Biotechnology Main PhD Biotechnology Thesis will have 40-50 Pages with one copy of Published Research Papers & one copy of Published Thesis where Thesis will have well Established Introduction, Review of Literature, Method Material, Result Discussion & Conclusion with References.

As Per Thesis Evaluation Report Understanding and Illustrations, Text structure, Explanatory Power, Continuity, Detailing in the Amit Rastogi PhD Biotechnology Thesis (<https://ijcrt.org/papers/IJCRT2608421.pdf>) was Good to Extraordinary.
